SKILLS

- **Languages:** C, Python, C++, JavaScript
- **Technologies:** HTML, CSS
- **Databases/Tools:** SQL Server, GitHub, Git, Figma
- **Soft Skills:** Problem-Solving, Team Collaboration, Adaptability, Critical Thinking, Time Management

PROJECTS

Automated Parking Assistance | C++, HTML, CSS

Jan' 26

- Developed a smart parking assistance system to automatically detect vehicles, display available parking slots in real time, and control entry and exit gates.
- Integrated overcapacity alerts using a buzzer and explored potential extensions such as mobile app integration and AI-based license plate recognition.
- Tech: C++, HTML, CSS, Machine Learning, OpenCV, YOLOv8

RuralAssist AI | AI/ML Project

Jan' 26

- Developed an innovative AI-powered assistant to help rural communities access information and practical solutions for everyday problems.
- Applied an AI/ML-focused approach to address community-oriented information needs through an accessible digital solution.
- Tech: Python, Multilingual Voice AI, React, Next.js, Vercel

FAKEBUSTER | AI Project

May' 26

- Engineered an AI-powered Fake News Detection System to identify potentially misleading information and help prevent misinformation.
- Designed an automated detection concept focused on improving the reliability of news content through AI-based analysis.
- Tech: HTML, CSS, Machine Learning, Vercel

Snake Game | Python

Nov' 25

- Developed an interactive Snake Game using Python with real-time keyboard controls, dynamic movement, food generation, and score tracking.
- Implemented collision detection for walls and the snake's body to manage game-over conditions and maintain smooth gameplay.
- Tech: Python, HTML, CSS, Github, Vercel

Portfolio Website | HTML, CSS

Mar' 26

- Developed a digital collection of my academic projects used to showcase my skills and track my performance.
- Integrated project showcases and live demonstrations to provide recruiters and visitors with a clear overview of my technical work and capabilities.

CERTIFICATES

LPU Innotek'2026: Annual Innovation Expo |

Apr' 26

C | Neocolab

Jun' 26

SQL | Infosys

Jun' 26

Python | LinkedIn

Dec' 25

BEING HELPER FOUNDATION NGO |

Jul' 26

Introduction to Artificial Intelligence | Infosys

Mar' 26

ACHIEVEMENTS

- Solved more than **50** programming problems on online coding platforms during regular practice and learning.
- Ranked Top **5** among 50+ teams in a college hackathon with an innovative web solution prototype.
- Contributed to community initiatives and supported NGO activities, demonstrating teamwork, communication, and social responsibility

EDUCATION

Lovely Professional University

Bachelor of Technology
Computer Science and Engineering

Phagwara, Punjab
Aug' 25 – Present

East & West High School

Intermediate
PCM

Patna, Bihar
Mar' 24 – May' 25
